

“ *Advanced Robust Weighing Solution for Loaded Vehicles with SMS/Email Facility* ”

- Proprietary self-sealing water repellent coating load cells
- Highly accurate load cell mechanism
- Hot dip galvanized steel work offers the best protection for applications in particularly harsh environments
- Built-in lightning protection
- Good earthing regime in and around the weighbridge

TYPES

PITLESS TYPE

PIT TYPE

PIT TYPE TRUCK SCALE

FEATURES

- Optimized steel structure designed for concentrated loads and frequent use
- Easy to install (Pit-mounted, Pit less-mounted or separate steel frame configurations)
- High resistance to harsh environmental conditions/pollutants
- Easy load cell access for cleaning and maintenance operations
- Easy-to-move weighing platform
- Variable length/width of weighbridge deck (e.g. standard/non-standard pit and frame sizes)
- Simple and quick maintenance of the steel structure and load cells
- No hidden water/debris traps
- MULTI-RANGE version to achieve consistent/proportional accuracy over wide weighing range

MODEL	CAPACITY	ACCURACY	PLATFORM SIZE(mtr)
GWB - 20	20 Ton	5 Kg	7.5 x 3
GWB - 30	30 Ton	5 Kg	7.5 x 3
GWB - 40	40 Ton	5 Kg	9 x 3
GWB - 50	50 Ton	10 Kg	9 x 3
GWB - 60	60 Ton	10 Kg	9 x 3, 12 x 3
GWB - 80	80 Ton	10 Kg	12 x 3, 16 x 3, 18 x 3
GWB - 100	100 Ton	10 Kg	18 x 3

OPTIONAL FACILITES

- Remote display for driver 1 inch, 2 inch , 4 inch
- SMS & Email facility with GSM Module

ACCESSORIES

GNS
INDICATOR

PRINTER

ANTI RODENT
CABLE KIT

PERIPHERAL
ELECTRONIC DEVICES

LOAD CELL

FEATURES

- High Accuracy
- Mild steel structure
- Advanced featured load cell
- Strongly Shielded cables
- Glue sealing & welded sealing
- Nickel plated, Waterproof & Anti-corrosion
- Suitable for multiform environments
- Suitable for electronic truck scale

GNS INDICATOR

- GNS Smart IT indicator is featured with powerful electronics designed in a modular style
- Sophisticated operations powered by 32 bit ARM processor
- Multi step calibration, smart calibration supported by 24 bit ADC
- Front mount Smart display with blue backlight
- Memory of 1 lakh data records
- RS232 communication for continuous weight transmission/ modem connectivity
- Pen drive dumping to get data records in softcopy
- Dot matrix printer connectivity using USB port
- USB keyboard connectivity
- Field settable header, footer, signature lines
- Facility to view/print earlier saved records according to RST no/ Vehicle no
- Multiple report options
- Dynamic pre-printed setting
- Engineer login password for security
- Vehicle type codification for standard weightment charges
- Various features for control setting of multi lingual header, English footer, weight font size, screen saver.

TESTIMONIAL

“ I am happy to announce that Gramton has provided the easy solution for vehicle weighing. The SMS & Email facility is helping us in every manner. Thank for the foremost weighing solution.

**CLEAN SCIENCE
AND TECHNO PVT.LTD**

“ Smart indicator will be the reason why we prefer Gramton. It eliminates the requirement of the external PC for the reports and data. Also the material and the quality is good. I appreciate your service for our company.

**SIMMONDS
MARSHAL LTD**

“ Gramton has solved all our vehicle weighing issues. It has been a smooth process since we have installed weighbridge, cabin crew is happy that they are getting all the data on email and sms ”
